Wellness Credits

If you qualified for a Wellness Credit by meeting the October 31, 2015, deadline, your \$250 Wellness Credit was automatically applied to your Health Care Spending Account (HCSA) on January 1, 2016. You can use the \$250 for eligible health expenses from January 1 through December 31, 2016. You were not required to enroll in the HCSA during the October open enrollment to receive your \$250 Wellness Credit. However, if you wanted to contribute *additional* money to the HCSA for 2016, you needed to make an election during open enrollment. Please note that, to receive the credit, you must have been a current employee on January 1, 2016. [Learn more about Wellness Credits](#) and how to use them.

Are You Enrolled in the High Deductible Health Plan?

If you are enrolled in the [High Deductible Health Plan \(HDHP\)](#) and you met the requirements to qualify for health rewards, a Limited Purpose Health Care Spending Account (LHCSA) was automatically established for you. This is because you are not allowed to participate in the HCSA if you are enrolled in the HDHP. Your \$250 Wellness Credit was deposited into your LHCSA on January 1, 2016, as long as you were a current employee on that date. The LHCSA may *only* be used to pay for eligible dental and vision expenses you incur between January 1 and December 31, 2016. You should have received a separate special purpose debit card to use to pay for eligible expenses.

Where is my Wellness Credit?

If you met the qualification requirements for a Wellness Credit your \$250 credit is automatically added to your HCSA (or LHCSA) account on January 1. However, please note that your Wellness Credit amount *will not* display on the Benefits Connection website. To see your Wellness Credit, you must go to the UnitedHealthcare website. Go to the [Wellness Credit page](#) online to learn more.
