

# How an Ombuds May Help You Your Life.

Chevron's Global Office of Ombuds is authorized to respond to and facilitate resolution of employee conflicts and concerns. The purpose of this organization is to provide an additional avenue for employees to resolve workplace issues by providing an independent, safe, confidential, neutral and informal resource.

In an effort to reinforce awareness of their services, the Global Office of Ombuds has prepared a report outlining its services, including potential scenarios, to provide you with a better understanding of what to expect when you contact an Ombuds. The report is being sent to U.S.-payroll employees to help raise awareness of Chevron's Ombuds services. You can read the [report](#) on the [Global Office of Ombuds website](#).
