Use a **Delta Dental PPO** network provider to get the *greatest* savings but using at least a **Delta Dental Premier®** network provider will also reduce your out-of-pocket costs.

### get your annual cleaning, avoid the dental surcharge

Chevron encourages you to receive at least one dental cleaning\* between January 1 and December 31 of each year when you are enrolled in a Chevron dental plan. If you do not participate in this preventive care measure in the current year, you will pay \$120 more for your Chevron dental premium in the next year (if enrolled).

- You **are not** subject to the dental surcharge in 2025
- You must **satisfy the cleaning requirement in 2025** to avoid the surcharge in 2026.

### maximum rollover account (MRA)

Chevron's dental plans do not include an MRA feature. Your MRA account with Guardian (if any) ends when your PDC coverage ends and does not transfer to your Chevron coverage.

\* For participants with dentures, receive at least one oral exam in lieu of a cleaning.
