anthem engage to be replaced with anthem sydney health app

This change applies to participants in the Medical PPO Plan, the High Deductible Health Plan (HDHP) and the High Deductible Health Plan Basic (HDHP Basic).

Effective **January 1, 2023** Anthem will discontinue the Anthem Engage app. It will be replaced with the expanded and enhanced **Anthem SydneySM Health mobile app**. With the enhanced app, you'll receive targeted health communications and resource recommendations from Anthem that are tailored specifically to you including appointment and testing reminders, provider recommendations, alternative care options, how to reduce your health care costs, condition support education, and other health program recommendations.

You can also use the Sydney Health mobile app to access the **virtual primary care service for online visits with an Anthem network provider**, secure in-app medical text chats for on-demand 24/7 urgent care, scheduled follow-up visits for wellness, prevention, and chronic condition care, and more. For further information and details about this covered service, see **Online Visits – Virtual Primary Care** in the *What the Plan Pays* section of your plan's summary plan description.

If you're already using the Sydney Health mobile app, changes are automatic with the next available app update after the transition. If you're currently using the Anthem Engage app, you will be prompted to download and upgrade to the Sydney Health app when the transition is complete.
