## annual combined deductible

*This change applies to Chevron Mental Health and Substance Use Disorder (MHSUD) Plan participants who are also enrolled in the High Deductible Health Plan (HDHP)*

---

As a reminder, the Chevron HDHP has one **combined deductible** for medical, prescription drugs (both retail and mail-order), mental health and substance use disorder services. This means you'll have to pay the full cost for covered services and supplies until you reach the deductible for the year. The deductible amount for covered services is the same, regardless of if you see a network or an out-of-network provider. When you reach the HDHP network combined deductible amount, as applicable, you will also have met the MHSUD Plan's deductible and the MHSUD Plan will share the cost of covered mental health or substance use disorder services with you.

Effective **January 1, 2024**, the annual combined deductible for the HDHP for covered services received from a network provider will increase to meet federal requirements to be compatible with a health savings account. As a result, there is also a deductible increase for covered services and supplies under the MHSUD Plan.

### Combined medical, prescription drug, mental health and substance use disorder services

\*Each covered individual has a maximum deductible equal to the **You Only** amount.

Chevron Corporation believes the Chevron Corporation Mental Health and Substance Use Disorder Plan (the MHSUD Plan) is a grandfathered health plan under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits. Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at 1-888-825-5247. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or [www.dol.gov/ebsa/healthreform](http://www.dol.gov/ebsa/healthreform). This website has a table summarizing which protections do and do not apply to grandfathered health plans.
