

COVID-19 coverage medical PPO plan effective march 27, 2020

human energy. yours.™

Update to the summary plan descriptions (SPD)

All changes described in this SMM are effective March 27, 2020 unless otherwise indicated.

The enclosed information serves as an official summary of material modification (SMM) for the **Medical PPO Plan**. Please keep this information with your other plan documents for future reference. You can access the summary plan descriptions for your benefits at hr2.chevron.com or by calling the HR Service Center at 1-888-825-5247.

The Medical PPO Plan has been amended as required by the Families First Coronavirus Response Act (FFCRA) effective March 18, 2020 and the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) effective March 27, 2020. **This March 27, 2020 SMM contains the current plan provisions as a result of FFCRA and the CARES Act and a new, temporary extension of online visit services.**

online visits

As previously communicated, member cost sharing for LiveHealth Online visits will be waived for Medical PPO participants from March 19, 2020 through June 17, 2020. Anthem provides access to online visits through the LiveHealth Online service for participants of the Medical PPO Plan. **LiveHealth Online** is a safe and effective way for you to receive medical guidance, including guidance for COVID-19, from your home using a smartphone, tablet or computer with a web cam. You're encouraged to use this service when possible to help prevent the spread of infection and improve access to care.

Online visits temporarily extended to include non-LiveHealth Online providers

Online visits are not covered outside of the LiveHealth Online provider group. However, in recognition of current physical distancing requirements during the COVID-19 pandemic, effective **March 18, 2020** the following temporary rules apply to **online visits** under the **Medical PPO Plan**:

- The Medical PPO Plan coverage rules for Online Visits will be extended to include covered charges for online visits from a **non-LiveHealth Online provider**.
- **Covered Charges** include medical consultations via telephone or using your network or out-of-network provider's virtual platform with a smartphone, tablet or computer with a webcam, where state laws allow.

- This temporary extension for online visits from a **non-LiveHealth Online provider** will be in effect beginning on **March 18, 2020** until the end of the COVID-19 emergency period. As of this writing, the emergency period ends **June 16, 2020**, but is subject to change.
- Online Visits from a **non-LiveHealth Online provider** will follow the Medical PPO Plan rules for **Office Visits**, as follows:
 - **Network** 100% of contracted rates after a \$25 copayment if a primary care physician, no deductible *or* after a \$40 copayment if a specialist, no deductible.
 - **Out-of-Network** 60% of the maximum allowed amount after deductible.

COVID-19 testing

Effective **March 18, 2020** the following temporary plan rules apply under the Medical PPO Plan:

- The **network or out-of-network annual deductible** does not apply to covered charges related to medical care services and items purchased for COVID-19 testing as required by the Families First Coronavirus Response Act and the Coronavirus Aid, Relief, and Economic Security Act. As a reminder, the Medical PPO Plan has separate deductibles, one for *medical services* and the other for *prescription drug* costs. The coverage for COVID-19 testing only applies to the deductible for covered **medical** services.
- The Medical PPO Plan will pay **100%** of the provider's **contracted rate** for covered charges for medical care services and items related to the furnishing or administration of COVID-19 testing, or evaluation for purposes of determining the need for such testing, when you see a **network provider**.
- When you see an **out-of-network** provider for covered charges for medical care services and items related to the furnishing or administration of COVID-19 testing, or evaluation for purposes of determining the need for such testing, the Medical PPO Plan will pay **100%** of the cash price as listed by the out-of-network provider on a public Internet website, *or alternatively*, a lower price the Medical PPO Plan claims administrator negotiates for covered charges.

This temporary plan rule for COVID-19 testing will be in effect beginning on **March 18, 2020** until the end of the COVID-19 emergency period. As of this writing, the emergency period ends **June 16, 2020**, but is subject to change.

COVID-19 treatment

The following rules apply to treatment under the Medical PPO Plan:

- Covered charges related to medical care services and items purchased for COVID-19 treatment will be subject to the applicable **network or out-of-network annual deductible** for covered **medical** services.
- After meeting the applicable network or out-of-network annual deductible, the Medical PPO Plan will pay:
 - **80%** of the provider's **contracted rate** for covered charges relating to medical care services and items purchased for COVID-19 treatment when you see a **network provider**.
 - **60%** of the provider's **billed charges** for covered charges relating to medical care services and items purchased for COVID-19 treatment when you see an **out-of-network provider**.

COVID-19 preventive service

The Medical PPO Plan currently provides coverage for preventive care services as required by the Patient Protection and Affordable Care Act and in accordance with guidelines based on recommendations from nationally recognized organizations, such as the U.S. Preventive Services Task Force. Effective **March 27, 2020** the Medical PPO Plan includes the following new rule for qualifying coronavirus preventive services:

- Any **qualifying coronavirus preventive service** will be considered eligible under existing preventive care coverage rules 15 business days after being designated as such.
- A qualifying coronavirus preventive service means an item, service or immunization that is intended to prevent or mitigate coronavirus disease 2019 and that is *either one* of the following:
 - An evidence-based item or service that has in effect a rating of *A* or *B* in the current recommendations of the United States Preventive Services Task Force.
 - An immunization that has in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the individual involved.

As of the writing of this plan update, there is currently no designated qualifying coronavirus preventive service.

contact

Contact **Anthem** directly at **1-844-627-1632** to discuss claims, coverage under your plan, or to find a network provider. For medical-related questions and concerns, please contact your provider directly before visiting the office. **As always call 911 or go to the emergency room if you think you need care right away.**

This communication provides only certain highlights about changes of benefit provisions. It is not intended to be a complete explanation. If there are any discrepancies between this communication and the legal plan documents, the legal plan documents will prevail to the extent permitted by law. There are no vested rights with respect to Chevron health care plans or any company contributions towards the cost of such health care plans. Rather, Chevron Corporation reserves all rights, for any reason and at any time, to amend, change or terminate these plans or to change or eliminate the company contribution toward the cost of such plans. Such amendments, changes, terminations or eliminations may be applicable without regard to whether someone previously terminated employment with Chevron or previously was subject to a grandfathering provision. Some benefit plans and policies described in this document may be subject to collective bargaining and, therefore, may not apply to union-represented employees.
