

# post-open enrollment reminders

## 60 days

**don't forget to complete your dependent verification**

If you enrolled a *new* dependent(s) in your medical, dental or other health coverage during the recent enrollment period, you have 60 days from enrollment to provide documents to verify that your dependents are eligible to participate. **If you don't provide acceptable documentation by your 60-day deadline, your dependent(s) will be disenrolled from medical, dental or other health coverage.** This is a one-time process per each new dependent added; it is not required annually for previously covered and verified dependents.

## december 31

**last chance to avoid the dental surcharge in 2022**

If you are currently enrolled in the **Chevron Dental PPO or Dental HMO Plans\***, don't forget that December 31, 2021, is the deadline to receive at least one preventive dental cleaning\*\* to avoid a \$120 surcharge on your Chevron dental premium in 2022.

Dental HMO participants, remind your provider to submit Delta's **Patient Encounter Form** to ensure you get credit for your cleaning.

\*The dental cleaning requirement in 2021 does not apply to legacy Noble employees and new employees hired on or after October 1, 2021. The dental cleaning requirement will begin for you in 2022.

\*\*For participants with dentures, receive at least one oral exam in lieu of a cleaning.

## where's my wellness credit?

The deadline to qualify for the [2022 Wellness Credit](#) was November 12, 2021. **The HR Service Center and WebMD are currently conducting a verification process to determine if you earned the required 1,000 points by the deadline.** When the verification process is complete, your 2022 Wellness Credit status will be updated on the [BenefitConnect](#) website, and a revised confirmation statement will be mailed to you.

As the period to qualify has ended, the Rewards page on the WebMD Healthy You website is not currently available. This means you can no longer view a confirmation of your points completion for the 2022 Wellness Credit on the Rewards page. Health rewards will return again in 2022, so watch for more information early next year.
