Update to the summary plan description (SPD)

All changes described in this SMM are effective January 15, 2022.

The enclosed information serves as an official summary of material modification (SMM) for the plans referenced herein. Please keep this information with your other plan documents for future reference. You can access the summary plan descriptions for your benefits at hr2.chevron.com/retiree or by calling the HR Service Center at **1-888-825-5247** (1-832-854-5800 outside the U.S.).

coverage for over-the-counter, at-home COVID-19 diagnostic tests

When you enroll in the Medical PPO Plan, the High Deductible Health Plan (HDHP) or the High Deductible Health Plan Basic (HDHP Basic) for pre-65 participants, you are also automatically enrolled in prescription drug coverage through the Prescription Drug Program with Express Scripts. This change applies to the Prescription Drug Program for pre-65 participants in the Medical PPO Plan, the High Deductible Health Plan (HDHP) and the High Deductible Health Plan Basic (HDHP Basic).

The Prescription Drug Program has been amended as required by the Families First Coronavirus Response Act (FFCRA) and the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). **Effective January 15, 2022, each enrolled participant in the Prescription Drug Program can receive coverage for up to eight over-the-counter, at-home COVID-19 diagnostic tests every 30 days.**

overview

If you're enrolled in the Medical PPO Plan, the High Deductible Health Plan (HDHP) or the High Deductible Health Plan Basic (HDHP Basic), your **medical coverage** through Anthem already provides coverage for COVID-19 diagnostic testing when it is considered **medically necessary** and is **ordered by a health care provider or physician**. This means that, ordinarily, an over-the-counter, at-home COVID-19 diagnostic test would qualify for coverage through Anthem *only* when such test has been ordered by a physician.

Effective January 15, 2022, you no longer need a physician's order to be reimbursed when you purchase covered at-home COVID-19 diagnostic tests through the Prescription Drug Program with Express Scripts. ¹ You can also now obtain tests online via Express Scripts® Pharmacy or at the pharmacy counter at an Express Scripts network pharmacy. This communication describes the rules and requirements for this coverage.

¹ If you *already* submitted a claim for reimbursement through your medical coverage with Anthem for a covered at-home COVID-19 diagnostic test before March 10, 2022, Anthem will process your reimbursement accordingly. Otherwise, all claims for tests purchased after January 15, 2022, outside of a network pharmacy or via mail order must be submitted to Express Scripts or they will be denied.

This temporary plan rule for at-home COVID-19 diagnostic tests will expire at the end of the **COVID-19 emergency period**. As of the date of this publication, the emergency period ends April 15, 2022, but is subject to change.

- **This temporary plan rule only applies to covered at-home COVID-19 diagnostic tests that have *not* been prescribed by, ordered by, or obtained with the involvement of a health care provider or physician.** COVID-19 diagnostic testing that has been physician-ordered and/or administered by a health care provider or a health care facility continues to be covered by your medical coverage with Anthem under the [Chevron Medical PPO Plan](#), the [High Deductible Health Plan \(HDHP\)](#) or the [High Deductible Health Plan Basic \(HDHP Basic\)](#).
- As is true with *all* reimbursements under the plan, the Prescription Drug Program cannot be used to reimburse covered at-home COVID-19 diagnostic tests that have already been reimbursed or paid under any other benefit plan or arrangement, such as your Anthem medical coverage, a health flexible spending account plan, a health savings account, or a spouse's or dependent's health plan.
- The plan coverage described here applies to individualized diagnostic testing for COVID-19 and *not* for any other purpose including, but not limited to, public health surveillance or employment purposes (such as screening for general workplace health and safety).

covered testing products

- Covered at-home COVID-19 diagnostic tests must be purchased on or after **January 15, 2022**, to be eligible for reimbursement.
- To receive reimbursement, the test(s) must be on the **list of covered at-home COVID-19 diagnostic testing products**. Express Scripts, the claims administrator for the Chevron Prescription Drug Program, will maintain this list. Contact Express Scripts directly at **1-800-987-8368** if you have questions about products that are covered.
- You *do not* need a prescription for reimbursement of covered at-home COVID-19 diagnostic tests.

quantity and time limits for coverage

Coverage for at-home COVID-19 diagnostic tests under the Prescription Drug Program is subject to a quantity and time limit, as follows:

- **Each enrolled participant** is eligible to receive coverage for **up to eight** covered tests **every 30 days**. Tests purchased that exceed this quantity and time limit are *not* reimbursable under the Prescription Drug Program.
- This requirement is measured in a **rolling 30-day period**, *not* a calendar month.
- The quantity limit applies to **individual tests**, *not* to kits. For example, if a single testing kit includes three individual tests, then three tests would be applied against your eight test limit.
- The quantity limit and the 30-day period are tracked **for each enrolled participant**, *not* for each family. For this reason, when you make a purchase or submit a claim, you'll be asked to specify for which participant the kits were purchased.
- The quantity limit and the 30-day period are tracked for each enrolled participant **regardless of where and how the tests were purchased**. For example, a participant could obtain two tests from the online Express Scripts Pharmacy, two tests from the pharmacy counter at a network pharmacy and submit a manual claim for two tests purchased from another online retailer. All six tests would be tracked toward the participant's quantity limit of eight tests every 30 days.

Keep in mind that while your benefits provide coverage for up to eight tests, your retailer or pharmacy may impose separate purchase limits on at-home COVID-19 diagnostic tests.

what the program pays

As a reminder, each enrolled participant is eligible to receive up to eight covered tests every 30 days. Tests purchased that exceed this quantity and time limit are *not* reimbursable under the Prescription Drug Program. The level of reimbursement varies depending on how and where you purchased a covered test.

online express scripts® pharmacy
When purchased **online** directly from the **Express Scripts® Pharmacy**, your at-home COVID-19 tests are **free** with no shipping, copayment/coinsurance, or deductible. The system will not allow an order if a participant has exceeded the quantity and time limit. You must login to your Express Scripts account at www.express-scripts.com and choose the **Order At-Home COVID-19 Tests** link to place your order with the online pharmacy.

pharmacy counter at a retail network pharmacy
When purchased from the *pharmacy* counter at a retail **network pharmacy**, covered test kits will be paid at **100%** with **no copayment/coinsurance** and **no deductible**. You'll need to present your Express Scripts ID card at the time of service for verification of coverage. You do not need to submit a claim. *Do not use the regular checkout lane; to receive this level of coverage you must checkout at the pharmacy counter.*

If you were charged for your test and need reimbursement

When you must submit a **manual claim to Express Scripts** to request reimbursement (either online or with the paper form), you will be reimbursed **up to \$12 per test** with no deductible. You must submit a manual claim when:

- You purchase from an out-of-network pharmacy.
- You purchase from another non-Express Scripts online retailer. (For example, Amazon.com or Walmart.com.)
- You purchase from a network pharmacy, but your prescription drug coverage cannot be verified at the time of purchase. (For example, if you forget your Express Scripts ID card or you used the regular checkout lane.)
- Any other time that prescription drug coverage for covered at-home COVID-19 diagnostic tests could not be verified at the time of purchase; therefore, you paid the full cost out-of-pocket and submitted a manual claim for reimbursement from Express Scripts at a later date.

how to submit a manual claim for reimbursement

If you had to pay the full cost of your at-home COVID-19 diagnostic test at the time of purchase, you'll need to submit a manual claim for reimbursement. Here's how:

online

- Log in to your **Express Scripts** account at www.express-scripts.com.
- From the **Benefits** tab on the top navigation, choose **Forms**.
- Go to the **Request Reimbursement** section to get started.
- Be sure to review the online form carefully for special instructions and tips designed to help you properly complete certain fields when making a claim for reimbursement of at-home COVID-19 diagnostic test(s).

by paper

- The [Express Scripts claim form](#) has been recently updated to include a special section for at-home COVID-19 test claims. Be sure to use the new form or your reimbursement could be delayed, or even denied.
- You can also access this form from the **Benefits** tab when you login to your **Express Scripts** account at www.express-scripts.com.
